7NTWorld Games

Open Games

Everyone is eligible to play in an Open game. You will play some players at your level, some less experienced and perhaps even some real experts. When it comes time to score the game, you are divided into three groups. These groups are determined by the number of masterpoints and it is different for each game.

Unlike your club games which set a fixed limit before the game for Strat B and Strat C, BBO calculates the limits based on who is actually playing that day. It is possible that one day you are in Strat C and the next day you are in Strat B, but you will always be in the group with players closest to your experience.

Open games are 18 deals with 6 minutes allowed per deal.

Mid-Flight Games

These games are limited by masterpoints, but the limit is fairly high. This is perfect if you are past the Gold Rush stage but still looking for games where you won't be eaten alive by the sharks. Also, a good challenge for anyone looking for some stiffer competition, but not the true experts. These games are all stratified into three groups.

- 0-1500 – no player with 1500+ points
- 0-2000 – no player with 2000+ points
- Look for other limits as we expand the schedule

Mid-Flight games are 18 deals with 6 minutes allowed per deal.

Limited Games

7NTWorld offers a number of Limited Games restricted by masterpoints. No player in the game may have more than the limit for that game. These games are also stratified into three groups based on masterpoints.

Common Limits for games include:

- 199er – no player with 200+ points
- 299er – no player with 300+ points
- 499er – no player with 500+ points
- 749er – no player with 750+ points

Look for games with these limits on the schedule.

Limited Games are 18 deals with 7 minutes allowed per deal.

Novice & Newcomer Games

These games are perfect for new players. We play at a slower pace and have the opportunity to discuss the hands in an AfterTalk session on Zoom. These are currently held three mornings and two afternoons each week. Keep checking as we add games whenever the demand is there

- 99er – no players with 100+ points allowed in these games
- 49er – no players with 50+ points allowed in these games
- 19er – no players with 20+ points allowed in these games

19er & 49er Games are 12 deals with 8 minutes allowed per deal.

99er Games are 18 deals with 8 minutes allowed per deal.

Speedball Games

Speedball games are one hour long. We play 12 deals at a brisk 5 minutes per hand.
